

## Weston Loose Leaf Tobacco Warehouse

WESTON, MO.

A firmly established tobacco market. Buyers from all the leading manufacturers.

No higher prices received anywhere. Ship your tobacco to the Weston market.

Correct Weights Courteous Attention

J. B. DORAN, Manager

### Resolutions

We, the members of Pee Dee Lodge, No. 498 A. F. A. M. sustained a serious loss in the death of brother A. F. Chapman, who was removed from our midst by the hand of an all wise and beneficent Providence who moves in ways mysterious. Bro. Chapman died at Moberly, Mo., on Friday evening, January 23, 1914, of diphtheria. He was buried at Musselfork, Mo. on Sunday the 25. He will be greatly missed by all who knew him. He was a living example of that illustrious truth: That an honest man is the noblest work of God.

Brother Chapman was a tireless worker in our Brother-hood. His enthusiasm was uplifting, and in the knowledge that his soul has found place in that haven of refuge, from whose bourne no traveler returns: We his brother wish to extend to his beloved wife and her children, our deepest and heartfelt sympathy. We make their grief our grief, their sorrow, our sorrow, and knowing that we too, shall soon follow our friend and brother to his long home; we would say in the words of poetic inspiration: "So live, that when thy summons comes to join that innumerable caravan that moves to the pale realms of shade where each shall take his chamber in the silent halls of death, go thou not, like the quarry slave at night but sustained and soothed by an unfaltering trust, approach thy grave like one who wraps the drapery of his couch about him and lies down to pleasant dreams."

Committee  
Virgil Chrane  
E. B. Welch  
Albert Harlan.

M. B. Bell, agent for the Wabash at Salisbury resigned and H. H. Knappenburger of Brunswick was checked in at the Salisbury office. A. M. Hart took Knappenburger's place.

Minor & Guilford have completed the installation of an auto-filler station at their garage at Triplett.

## Jacks FOR SALE!

I will sell either or both of my fine black Jacks - one

five and the other six years old. Both are good, showy, sure animals and good size. Their get can be seen.

I will also sell my all purpose, 8-year-old stallion. Fine size and fine saddler.

Murry Bennett

### After the Bosses

President Wilson will fight the bosses if it comes to a showdown. He fought them while at home in New Jersey and beat them too. Tom Taggart and Roger Sullivan, both boss types, of Indiana and Illinois, want senatorial honors. It is plain that Wilson does not think they would ornament the democratic senatorial benches. If Wilson gets into the fight it is almost a safe bet that they won't land. Later, Taggart decided to withdraw from the race.

### IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

### The Soap

Detroit, Mich., Jan. 31, 1914. The Chariton Courier, Keytesville, Mo.

Gentlemen:—We are informed that an opera troupe in your city has recently been selling soap from the stage and making the statement that this company made the soap, for the purpose of exploiting its sale.

Any such statement was absolutely unwarranted. We are large manufacturers of those preparations which are dispensed upon physician's orders and prescriptions by druggists; but we offer nothing of a medicinal character to be taken or used independent of the advice of the doctor. Sometimes medicine peddlers obtain our stock preparations in bulk through regular channels, and by advertising ourselves as the source of supply lead the public to believe that we vouch for all the therapeutic claims they make for the same. This is gross misrepresentation affecting the public as well as ourselves.

Knowing your facilities for advising your fellow townsmen of anything that may be to their interest or advantage we are giving this information for such use as you may feel properly to make of it.

Parke, Davis & Co.

C. C. Carlstead was in Mendon Friday a week ago to attend the mass meeting held to decide upon the question of consolidating districts for a township high school.

Mrs. Mary Morris who died at Parsons, Kansas, was buried in Mendon January 25.

W. P. Callahan has sold his 80 acre farm north of Marceline to Herbert Syke of Oklahoma.

Many of us have charged things that we would not think of paying cash for.

### Pedigree But Poor

Mazuma means money. The Paris Mercury says that a call was recently sent out there to organize a chapter of the Daughters of the American Revolution. It required 12 for a charter and only 6 responded. The Mercury says this happened in the face of the fact that there are a hundred women at Paris with a pedigree as long as your arm so entangled with the Revolutionary and other wars that it is hard to distinguish some of them from the real veterans. How did it happen. The Mercury editor states plainly—lack of money. Mazuma is scarcer by a long shot than ancestry of which everybody has more or less, more or less shady. He says that beef-steak looks better over there than a certificated pedigree. He thinks nothing is so discouraging and many here will agree, as to have a fine pedigree without enough money to have it properly framed and exploited. He thinks he would rather have the lucre than pedigree but feels sure that if times are better later on there will be organized a chapter with 100 members.

### Weight Them Down

Moberly has been having a hard time keeping prisoners at work on the streets while doing penance. It seems the men get tired of their jobs and leave, if not watched. They now plan to get 25 lb. iron balls and about three feet of chain and hang these to the prisoners' legs. They think they can turn 'em loose and they will stick around and behave themselves until their sentence runs out.

The Henry Ford plan of social justice seems growing. Two firms have followed his lead, one in Ohio turning over half the profits amounting to an added three months' salary for every employee. If this continues to grow, Socialism will have met its strongest opponent.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear and imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. J. J. CHERRY, P. O., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

Mrs. Mary Logsdon died at St. Mary's hospital at Ft. Madison January 24. She was a former resident of Brookfield. She leaves nine children, one of them being James Logsdon of Rothville.

R. T. Girvin of the Thomas Lumber Company at Marceline attended the convention of the lumbermen at Kansas City this week.

The Wabash added to its force of men last week and worked them on a nine-hour schedule.

### Consumption Takes 350 People Every Day

in the United States and the surprising truth is that most cases are preventable with timely, intelligent treatment.

These appalling facts should warn us that after sickness, colds, overwork or any other drains upon strength, Scott's Emulsion should be promptly and regularly used because tubercular germs thrive only in a weakened system.

The tested and proven value of Scott's Emulsion is recognized by the greatest specialists because its medical nourishment assimilates quickly to build healthy tissue; aids in the development of active, life-sustaining blood corpuscles; strengthens the lungs and builds physical force without reaction. Scott's Emulsion is used in tuberculosis camps because of its rare body-building, blood-making properties and because it contains no alcohol or habit-forming drug. Be sure to insist on Scott's.

## Changeable Climate

IS A CONSTANT THREAT TO THE HEALTH OF THE PEOPLE.

Dr. Hartman, of Columbus, Ohio, discusses an important health topic. He says:

Yes, it is the climate, not the germs, that we have to fear in this country. The germs are present, to be sure, and are of some significance in diagnosis. Climate, a changeable climate, is the true cause of disease. The atmospheric pressure varies, the humidity of the atmosphere changes. Every day the temperature rises and falls. All this presents to the body very great trials to adjust to.

The area of high pressure forms in the northwest. Moves rapidly southeast, subjecting millions of our population to its influence. The result is, thousands upon thousands of people catch cold. A small per cent. of these thousands do not get well of their cold. It goes into pneumonia, or chronic catarrh, or bronchitis, or laryngitis, or pleurisy.

Now, what I am getting at is this. These climatic changes are inevitable. No one can prevent them. The very best we can do is to prepare for them, defend ourselves against them. Good health is the best preventive.

The very best. Vigorous health, with excess vitality, is this Nature's own preventive and protection.

We do not all have this, however. Some of us must have assistance. The assistance that I use for myself, would recommend for my friends to use, my neighbors and my countrymen, is Pe-ru-na. Keep Pe-ru-na in the house.

If the children indicate they are catching cold, give them Pe-ru-na.

If the parents, the grandfather or grandmother, present those symptoms that are so well known which precede a cold, a few doses of Pe-ru-na and the deed is done.

Some people are very subject to colds. Others who have weak lungs and are timid about our winter weather, take Pe-ru-na off and on during the whole winter season. The plan is a good one. The medicine is inexpensive. It does no possible harm to the system. It keeps the appetite regular and keen. It assists digestion and helps the user through the inclement weather of winter.

### Welch Warns Public

Hon. A. L. Welch, Insurance Commissioner of Oklahoma, contributes an item to The Investor a magazine published at the capital of that state and devoted to Finance, Insurance and Investments, in which he calls the public attention to the number of inquiries received at his office each week concerning the responsibility of insurance companies from people who have insured their property with companies not authorized to do business in the state. Commissioner Welch says there are a number of wildcat companies operating in his state in violation of the law after which he proposes to set the state's sleuths and chase them into court or out of his jurisdiction. He firmly believes that the public should be protected from such concerns and also holds that it is the duty of the state to protect the companies authorized by law to do business in the state and which have paid into the treasury the handsome sum of \$250,000 for their privilege.

Being pretty well acquainted with Hon. A. L. Welch we advise the piratical gentleman selling worthless insurance under his official nose to get busy with their license money or absquatulate. His official cognizance of predatory peddlers in this county while he was treasurer warrants the belief that he will let no insurance shark escape now.

The magazine honors the Commissioner with a full front page portrait which looks very much like the erstwhile Charitonite was getting his easier than after this county went dry and before he left. It make us hanker for a job out west.

The Mayhall Stock Co. here last week went to Triplett. The prices there were 15, 25 and 30 cents and here, the seats sold for 25 and 35 cents.

L. L. Hamilton of Marceline is thought to be the first of that vicinity who has received his 1914 automobile license.

Mrs. John Welch of Musselfork visited her daughter, Edith at Salisbury the latter part of last week.

Earl Stanley has sold his confectionery to J. W. Smith. Stanley expects to go to farming for a while.

Public Administrator Drace was in Brunswick the latter part of last week on official business.

### Pee Dee Prattle

Dec. 31, 1914

Dr. Rice of Darksville has located here for the practice of medicine. This place has had no resident physician since Dr. Griffith moved away last fall and we are glad to have the doctor locate here.

C. W. Shoemaker and uncle, Ike Smith who have been on the sick list for several weeks are slightly improved and we trust will soon have entirely recovered.

Warner Kelso and wife from near Prairie Hill were here visiting relatives early in the week.

Mrs. Pfifer of Hugo, Colo. arrived Wednesday for a months visit with relatives.

The roads were never better in this locality at this time of the year than now and automobiles are going in every direction.

Dr. Rice visited at Callao last Sunday.

N. B. and John Welch were in Kansas City last week with the former's little son, Tom, where a delicate operation was performed on account of an injury sustained by running a stick in the eye while playing at school several days previous.

Robert Stephens returned to the hospital last week for another operation. It will be remembered that he was operated on for fistula several weeks ago, but it proved not to be entirely satisfactory hence the necessity for another operation. We trust he will soon be able to return home a cured man.

Gus Chapman who died in Moberly last Friday night was buried in Pleasant Grove cemetery Sunday. On account of his having died with diphtheria there was no funeral and no one attended the burial except the undertaker and those who assisted with the grave. It had only been about a week since he and family moved from here to Moberly.

### END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diaphepsin" makes Sick, Sour, Gassy Stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of distension, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get blessed relief in five minutes. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diaphepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest stomach doctor in the world. It's wonderful.

### Real Estate Transfers

QUIT CLAIM DEEDS  
R. S. Mott to W. Mott \$300 all int in se sw; sw se 36; nw ne; 18 a e p4 n hf nw 18-53-16.

J. H. Hooper to F. F. Shive \$1.00 60 a off w pt s hf sw 17-54-20; e hf sw 18-54-20.

The new postoffice appropriation amounting to \$305,000,000 provides for payments for injuries to postal clerks, carriers and messengers in service. A full year's salary is given and another half year's salary if necessary and in case of death a lump sum of \$2000 is paid.

### Administrators Sale

By authority of an order of sale made by the Probate Court of Chariton County, Missouri at its regular May term 1912 on the 16th day of May 1912 and to the undersigned administrators of the estate of James D. Cunningham deceased directed, we will, as such administrators, sell at public vendue for cash in hand On Tuesday the 17th day of February, 1914, at the east front door of the Court House in the city of Keytesville Chariton County, Missouri the following described real estate to-wit:

105 acres more or less off north side of the Southeast quarter of section Seventeen (17) south and east of the Wabash railroad; also, 180 acres the southwest quarter of section Sixteen (16); also 106 2-3 acres off west side of the northwest quarter of section Twenty-one (21); also, 120 acres the east half of the northwest quarter and the southwest quarter of the northwest quarter of section Twenty (20) all in Township fifty-three (53) Range eighteen (18) Chariton County, Missouri or so much thereof as will be sufficient to satisfy the debts and demands against said estate of James D. Cunningham deceased. Said sale to be made between the hours of nine o'clock a. m. and 5 o'clock p. m. of that day and during the session of the Probate Court.

J. L. Cropper  
O. J. Cunningham  
51-52 & 1-2 Administrators.

### Administrators Notice

Notice is hereby given that letters testamentary on the estate of Harriett Rucker, deceased, have been granted the undersigned administrator of said estate by the Probate Court of Chariton County, Missouri, said letters being dated Jan. 3, 1914.

All persons having claims against said estate are required to exhibit the same to me for allowance within six months from the date of said letters, or they may be precluded from any of the benefits of said estate, but if such claims are not exhibited within 12 months from said date they will be forever barred.

50-3 W. H. Rucker,  
Administrator.

### Cottonseed Great Feed

Cottonseed meal is responsible for the fat cattle being sent up here from Texas when formerly the fat stock was rarely seen. A bale of cotton weighing 1600 lbs. when ginned leaves 500 of cotton and 1100 lbs of seed which will net about 700 lbs of cottonseed meal. This is the big stock fattener and the raises there do no figuring on the corn crop, but the cotton output gauges their efforts. At the cottonseed oil mill at Snyder, Tex. this year there were being fed 2400 head of cattle besides others being fed nearly.

## Ayer's Pills

Good health demands at least one movement of the bowels each day. Just one Ayer's Pill at bedtime. Sold for 60 years. Ask Your Doctor.

Dr. L. O. McKee of Salisbury and Miss Nina May Collins of Linneus were licensed to marry at Moberly, Wednesday of last week.

## Banish the "Blues!"

If you have that depressed feeling it's more than likely that your blood is out of order—impoverished or poisoned. There is only one thing that will alter your present condition—that's to restore your stomach to normal health and strength. For a weak or diseased stomach cannot do good blood. If your digestion is bad your food will not make the good blood which nourishes body, brain, heart and nerves.

### Dr. Pierce's Golden Medical Discovery

helps the stomach to do its work naturally and properly. Stimulates the liver. The system is freed from poison. The blood is purified. Every organ is rejuvenated. Instead of the "Blues," you feel fit and strong, equal to any task or up to any pleasure.

This great remedy has proved its worth year after year for over forty years. Let it prove its worth to you. Sold by medicine dealers in tablet or liquid form or send 50c for trial box by mail.

Send 21 cents—plus postage to pay cost of mailing only on a firm order of Dr. Pierce's Golden Medical Discovery, 1008 pages, clothbound. Address Dr. R. V. Pierce, Buffalo, N. Y.
